

LRBA Template for Emergency Envelopes

Whilst we sincerely hope this information will never need to be used, we do have to know what you would require to be done if you had an accident which meant you could not get your horse home yourself and were unable to instruct us. Therefore, please fill in **all** the details below, put it into an envelope with your name and vehicle reg number clearly on the front, and hand it to the Ride Secretary or Steward when booking in. Please collect at end of Ride.

YOUR NAME _____

NAME OF CONTACT + TELEPHONE/MOBILE NUMBERS

NAME OF SECOND CONTACT + TELEPHONE /MOBILE NUMBERS (IN CASE WE CANNOT CONTACT YOUR FIRST CHOICE)
(Optional)

YOUR VEHICLE REG NUMBER & WHERE YOU HAVE PUT YOUR IGNITION KEY

Please ensure the person you have named to get your vehicle home is qualified and insured to do so.

The LRBA cannot be responsible for getting your horse or vehicle home in the event of an emergency.

RESCUE COMPANIES

LRBA does not personally endorse any of the companies listed below but would recommend you join one of them or a similar company. (There are several who offer the service.)

They do not usually charge large premiums.

PLEASE NOTE: Two rescue vehicles may be used and most companies, including motor break-down associations, will require two people; one person to accompany the horse, and one person to accompany the vehicle, whilst taking them home.
